CHECKLIST: PRELIMINARY REVIEW DOCUMENTATION

VPD in 3+1 steps

Get information in advance

At each university of your choice:

- ☐ Find out if the chosen course requires a VPD
- ☐ Check application deadlines: when must the VPD be submitted to the university?

Note:

Apply for your VPD as early as possible. With the VPD you then have to apply to the university within the application deadline. You can apply for a VPD at any time. It is valid for one year from the date of issue

Plan your application

At uni-assist.de:

- ☐ Read notes on VPD

Assemble your documents:

- ☐ Obtain the documents required by the university
- ☐ Check documents and information country by country at uni-assist.de
- ☐ Have documents translated by a court-certified translator
- ☐ Make scans of application documents

Note:

We need your certificates in their original language. If your certificates were not issued in German or English, we need an additional certified translation into German or English.

You only need to upload your documents once, no matter how many universities you wish to apply to.

Apply online

In My assist:

- ☐ Create an account in My assist
- ☐ Select your chosen course. For some universities, the application will display the academic field "alle Fächer" (= all subjects)
- ☐ Upload documents
- ☐ Pay the handling fees and submit the applications

Note:

We can only process your application once you have paid for and submitted the online application. After we have received your online application, you will receive a confirmation of receipt.

Status & evaluation result

- ☐ After about 4–6 weeks: Check the status in My assist. We will inform you by email as soon as the evaluation result is available in your My assist account
- ☐ If documents are missing, upload them immediately

Note:

After a positive evaluation, we will provide the VPD in your My assist account where you can download it.

Submit the VPD

Submit the VPD to the university of your choice:

- ☐ Submit the VPD to the university together with all documents

Note:

uni-assist issues the VPD specifically for your chosen university. When you apply directly to the university, you then specify which course you are applying for.

We wish you every success!
